Holmes Harmony Air Purifier, Conference Room

Holmes Harmony air purifiers are ideal for cleaning your environment, and since they're 30% quieter than other air purifiers, you'll be able to relax while they do their job. Six times per hour, the large room air purifier cleans a room 14' x 15' and the conference room purifier cleans a room 20' x 30'. The slim design fits flush against the wall of any office or home. Advanced HEPA technology guarantees the quick removal of 99.97% of airborne particles. Equipped with GE motors, these air purifiers are designed for quality, durability and performance. Manufacturer's three-year limited warranty.

99.97% HEPA Air Purifiers

Harmony® Air Purifiers offer technology, flexibility, and phenomenal value!

The Harmony® series (HAP615, HAP625, HAP650, and HAP675RC) feature patented noise reduction technology that make them quieter than most air purifiers on the market today.

Beginning with a powerful and super quiet, low-vibration GE motor, the Harmony® series was born. The rest of the air purifier was designed around the motor with specific functionality in mind.

The Harmony® air purifier was designed to be flexible—it can be placed flush against a wall and stand upright or lay on it's side.

Product colors blend with your décor and make the air purifier
